Correction sheet for the institutional section of the Curriculum

Software Development PB 2024

Rectified 10th September 2024 by head of department Stig Salskov Iversen

Effective date:
This correction sheet for the institutional section applies to students enrolled to the programme on 1st August 2024 or later.

Correction to the institutional section of the curriculum:
The correction concerns the exam form described in 5.1.2 Development of Large Systems

Original formulation in 5.1.2 Development of Large Systems:

Exam form
This examination is an individual external oral exam based on a written synopsis discussing a topic of interest, relevant for the course. The exam lasts for 30 minutes including assessment. It is assessed externally according to the 7-pointscale.

Corrected to:

Exam form
The exam is an individual oral exam (30 min.) without preparation time of already known questions. The student picks a random question and present a prepared presentation answering the question for approximately 15 minutes. The examiners may ask questions during the presentations as well as after in subjects according to the curriculum. It is assessed externally according to the 7-pointscale.

More details will follow in an Exam info document that will be published at the end of the semester.
